

FIN-Vista
aluminium-aluminium

Villa on the South Tyrolean Wine Road

Aluminium windows in a single-family house

This impressive building has two contrasting sides. With its smaller window openings, the rear of the building appears closed and private. The sober, dark-coloured aluminium of the FIN-Project frames perfectly matches the contemporary architecture. The front, on the other hand, was to appear very open with plenty of glass. The FIN-Vista window wall makes large glass surfaces possible that offer stunning views of the South Tyrolean landscape.

Type of building	Single-family dwelling
Project	New build/conversion
Country	Italy
Region	South Tyrol
Locality	South Tyrolean Wine Route
