Single-family house in Luxembourg

Yin and Yang – all with FIN-Project, FIN-Vista and FIN-Slide.

Not so long ago, there was a farmhouse with chickens and pigs running around. Now a modern villa stands here, with architecture that combines the present with the past in a contemporary yet timeless concept. The building, a reinterpretation of the old barn and parts of the farmhouse, fits snugly into its surroundings. Like Ying and Yang, the new and old styles blend together in perfect harmony. The Luxembourg Chamber of Architects in 2020 awarded this ingenious architectural achievement with its OAI prize in the single-family house category.

Aesthetic and functional, Finstral products were the ideal choice. Lift-and-slide doors, window walls and aluminium windows with slim contours all ensure maximum light incidence. Aluminium – with a colour scheme of Anthracite Metallic for the exterior and a White satin finish for the interior – is an easy-care, weather-resistant, robust and durable material.

Type of building	Single-family dwelling
Construction	2017
Project Planning	New build/conversion Marc Baldauff
Country	Luxembourg
Locality	Mersch
Photographer	Marion Lohner

Products used

U_w - Heat transmittance coefficient of window element

R_w - Sound insulation properties of a window

npd - No performance determined

FIN-Project Nova-line 78/88

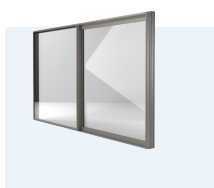

aluminium-aluminium

U_w 1-sash 2-/3-glazing: 1,2 / 0,82 W/m²K

U_w 2-sash 2-/3-glazing: 1,2 / 0,94 W/m²K

R_w Standard: 38 (-2;-6) db

R_w Best value: 41 (-3;-7) db

FIN-Slide Classic-line

aluminium-aluminium

U_w 1-sash 2-/3-glazing: 1,4 / 0,95 W/m²K

U_w 2-sash 2-/3-glazing: 1,5 / 1,1 W/m²K

R_w Standard: npd

R_w Best value: npd

FIN-Vista

aluminium-aluminium

Modular mullion-transom system for window walls. Can be combined with all windows, sliding and folding doors.
