

FIN-72 Classic-line 72
PVC-PVC

Flats and office complex in Brixen

Comfort and energy efficiency with FIN-Project and FIN-Slide.

One new building – numerous benefits. The new complex in Brixen/Bressanone is aesthetically distinguished by its yellow-and-white façade that tactfully graces the windows and lift-and-slide doors in white satin finish on the outside.

Finstral products were chosen primarily for functional reasons. The PVC in the core and glass from our own insulation glazing production are combined with the best glass coatings on the market, while highly insulated spacers optimise both energy efficiency and cost effectiveness. The large glass surfaces and especially narrow Nova-line frame of the FIN-Slide lift-and-slide doors ensure bright and airy rooms with maximum light incidence. The excellent sealing values mean that the naturally produced heat remains inside in winter, while the heat remains outside in summer. And, thanks to the easy-care PVC and aluminium frame materials, cleaning is reduced to a minimum. All leading to a comfortable home and an efficient working atmosphere.

Type of building Multiple-family dwelling
Construction 2016-2020
Project New build/conversion

Country Italy
Region South Tyrol
Locality Brixen
Photographer Hannes Meraner

Finstral Studio Vintl
Staatsstraße 17, Lodenwelt

Products used

U_w - Heat transmittance coefficient of window element

R_w - Sound insulation properties of a window

npd - No performance determined

FIN-72 Classic-line 72

PVC-PVC

U_w 1-sash 2-/3-glazing:

1,2 / 0,80 W/m²K

U_w 2-sash 2-/3-glazing:

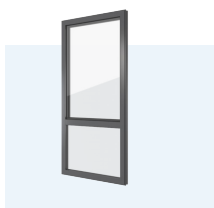

1,3 / 0,92 W/m²K

R_w Standard:

32 (-2;-6) db

R_w Best value:

45 (-2;-6) db

FIN-Project Nova-line 78/88

aluminium-aluminium

U_w 1-sash 2-/3-glazing:

1,2 / 0,82 W/m²K

U_w 2-sash 2-/3-glazing:

1,2 / 0,94 W/m²K

R_w Standard:

38 (-2;-6) db

R_w Best value:

41 (-3;-7) db
